configuration: S: Pre-Galvanized, zinc-layer 15 - 27 µm

sales amount: á 1 pc.

storage: ČSN EN 60721-3-1

Maximum number of inserted cables

cables construction	2x2x0,5	3x1,5	3x2,5	5x4	5x6	4x10	4x16
cable diameter (mm)	5	9	10	14	15	16	19
number of cables	75	29	21	13	10	7	5

Cable diameters are approximate and may vary depending on the cable manufacturer.

If the brackets are installed in systems with maintained functionality during fires, the number of cables inserted is limited based on their weight per metre of length.
